

“She saved our son’s life!”

“I thought my son was faking a stomach ache to get out of school. My husband finally asked me to call MyNurse 24/7®. The nurse told me to take my son to the hospital immediately. It turns out, his appendix had burst. The doctor told me if we hadn’t come in, we might have lost him.”

- Satisfied MyNurse 24/7 user

Members who use emergency rooms as a doctor’s office drain employer benefits
